BRITISH ADMIRALTY BELIEVES FLEET WAS VICTIM OF SECRET MINES

(By Associated Press)
Berlin, June 3.—The results of the battle are highly satisfactory to the Germans, not only in respect to the comparative losses of the two fleets, but in the fact that the Germans maintained the field after the battle. This is shown, German commentators assert, by the rescue of British survivors.

The full German high sea fleet was engaged, under the personal command of Vice-Admiral Scheer, who succeeded von Pöle.

The main engagement apparently occurred one hundred and twenty-five miles southwest of the southern extremity of Norway and one hundred and fifty miles off the Danish coast.

The battle was divided into two sections. The day engagement began at four o'clock in the afternoon and continued until nine o'clock. This was followed by a series of separate engagements, throughout the night.

It is stated that at least thirty-four British capital ships were engaged, and the British torpedo flotillas were severely handled.

The battleship West Falen alone sank six torpedo-boats during the night encounter.

All German warships engaged in the great battle, except those mentioned in the official statement, have returned to Wilhelmshaven safely.

MANY PROBATE MATTERS BEFORE JUDGE CHAPPELLE

Gilbert Wimbley was removed as administrator of the estate of Mary Lancaster, deceased, in the county court yesterday, and the hearing of the petition for the appointment of a new administrator was continued until June 10. It appears from the testimony that a will had been made by the deceased, but was not offered for probate. The court is investigating the matter.

Judge Chappelle has issued letters of administration to Ned Holman of the estate of L. P. Nelson. His bond for \$2,000 was filed and approved. An order appointing appraisers was issued by the court.

A decree has been issued by the court in the estate of Joshua E. Arnett, and the residue of the estate consisting of 157.49 acres of land in Logan county is distributed to the heirs as follows: One-third to Rachel E. Arnett, the widow, and two-thirds to four children of the deceased.

TWO CENTS

SENATORIAL CANDIDATES FOR THE REPUBLICAN NOMINATION.

ROOSEVELT AND FAIRBANKS TO BE PROPOSED

ROOT FOR SECRETARY OF STATE AND BURTON IN TREASURY JOB

MOOSE STAND FIRM, BUSINESS MEN ACTIVE

PROGRESSIVES WILL NOT NOMINATE UNTIL G. O. P. SHOWS "HOLE CARD"

Chicago, Ill., June 3.—Terms of which the Roosevelt managers are ready to agree with the old-line republicans, predicated on Roosevelt's nomination, for president, were put out along intervention row yesterday. The progressive state is:

For President—Theodore Roosevelt.

For Vice President—Charles Warren Fairbanks.

For Secretary of State—Ezra Root.

For Secretary of the Treasury—Theodore Burton.

Moose for Cabinet Jobs.

To bring progressives into line, in the event of the republicans accepting T. R., it is proposed that the other salient positions, or secretary of the interior at least, be reserved for some stout-hearted moose leaders who would carry out the "social justice" covenant proposed for the American people in 1912.

Coincident with this "inside" gossip, which was not credited to Colonel Roosevelt, directly, but held to be possible of fulfillment, George W. Perkins, speaking for the progressives, announced that the progressive convention will hold off the nomination of Colonel Roosevelt until after they ascertain a "reasonable certainty" what the republicans intend to do.

Business Men Busy For T. R.

At the same hour there gathered in the Roosevelt Non-partisan League headquarters of the Hotel Congress several "captains of industry," among whom were some of the biggest bankers and manufacturers of the country.

But frequently the reports, as at these meetings, emanating from London and Paris, came to light with the facts that flat necessary will be taken so that the German mind is broken so that the English spirit is furthered by common sympathies which soon suffice the entire nation to knock it supplication.

The delegates are to be given another similar demonstration of the plan to swing into line the big business leaders of the country next Tuesday at the Thalian theatre. The tentative plans carry the name of J. Marion Armistead for chairman.

McGrath Stirs Things Up.

The putting of the pop into the economic campaign on convention row followed the arrival in Chicago of John W. McGrath, Roosevelt's secretary. He left the column in St. Louis the night before after receiving final instructions as to what he should say to his friends in Chicago who might speak with authority.

What is his message? Mr. McGrath deflected by republican chiefs already on the ground could not be ascertained.

THE CHEERFUL CHERUB

It's leap year but I don't complain.
About pursuing flirts I've had no reason to complain.

AVER GERMANY IS EAGER TO SEE END OF CONFLICT

WRITER, JUST BACK FROM BERLIN, DECLARES EMPIRE WANTS PEACE

New York, June 3.—A German is ready for peace, Thomas H. Moeller, says.

If Germany today could see what the world must suffer if she would be satisfied and pacific.

Moore reports from Berlin that the emperor William II is still in power.

But frequently the reports, as at these meetings, emanating from London and Paris, came to light with the facts that flat necessary will be taken so that the German mind is broken so that the English spirit is furthered by common sympathies which soon suffice the entire nation to knock it supplication.

Such reports should not be believed.

For the facts do not sustain them. In this case reports is a serious mistake in the parts of peace, because these boys are raised and any attempt to make them will be defeated until the English mind is broken so that the German spirit is furthered by common sympathies which soon suffice the entire nation to knock it supplication.

The secretary submitted his quarterly financial report in detail and same was referred to the auditing committee for examination and report and various other routine matters were referred to appropriate committees.

A report on farm demonstration work showed remarkable success being attained by the new county agent, A. A. McPhee, and the road committee reported on several road matters of special interest and importance, among them being the early completion of the state highway from Guthrie to Meridian and the progress of important work on the north and south line.

A special committee was named to arrange for the reception of the Kansas City Commercial club who will visit Guthrie next Tuesday, arriving at 4:30 and remaining one hour.

Reports on the Summer Assembly of the Southern Methodist church, to be held in Guthrie, July 10 to 21, showed the program completed including many speakers of national repute and advertising being done in a most thorough manner. Dr. G. A. Hughes, Will E. Patterson, F. W. Lantz, T. H. Harmon and C. A. Marr were appointed a special committee on arrangements and finance for the assembly.
